

Whereas Town officials can do little in providing such facilities as a movie house or bowling alley, they can provide public facilities such as parks, playgrounds, etc. In conclusion, it should be noted that considerable emphasis seemed to be given in providing "things-to-do" for children who are in their teens. A dependence on the City of Wilson for many of these facilities was generally believed to be a major community problem and one which should be remedied as soon as possible.

Businesses & Services

The following businesses and services were desired by the Townspeople according to their order of importance:

<u>Business or Service</u>	<u>Number of Replies</u>
